# HTB2

#### HTB2 Fiber Home Termination Box

The HTB2 is a compact fiber wall outlet for use at the final fiber termination point in the customer premises. The HFTP provides mechanical protection and managed fibercontrol in an attractive format suitable for use inside customer premises. A variety of possible fiber termination techniques are accommodated.

Features and benefits:

- Splicing to factory terminated pigtails
- Positive fiber management
- Direct termination with field installable connectors
- Attractive design for indoor use
- Can hold up to 2fusion splice protectors (SMOUV and ANT)
- Compatible with 1SC Simplex or 1 LC Duplex adaptor
- Up to 7 cable entry points
- Can be horizontally or vertically wall mounted

#### Product Classification
